S U M M A R Y

Innovative Web Developer, often likened to a digital Swiss Army Knife, showcasing a versatile skill set in JavaScript, TypeScript, Vue.js, React.js, Node.js, Python, and an array of cutting-edge technologies. Much like the Swiss Army Knife's adaptability for various tasks, I seamlessly integrate into diverse projects, accelerating business growth and streamlining workflows. Beyond coding mastery, I bring strategic project management, troubleshooting finesse, and a commitment to exemplary customer service. Proficient in UI/UX design, web security, and well-versed in tools like Docker, AWS and Google Cloud. Recognized for enhancing aesthetic value and user experience, I'm your go-to developer for high-quality, visually stunning web solutions. Unleash the power of a digital Swiss Army Knife in your team - adaptable, proactive, and always on the cutting edge of emerging industry trends.

E X P E R I E N C E

Front End Developer | Feb 2022 - Present | Convidera | Cologne, Germany

- Team Collaboration & Project Success: Played a pivotal role in collaborating with diverse teams of varying sizes, effectively harnessing cutting-edge industry tools. This collaboration culminated in the successful delivery of modern web solutions that not only met but often exceeded client expectations, resulting in profitable outcomes for stakeholders.
- Business Growth & Rapid Onboarding: Demonstrated agility and expertise by swiftly onboarding onto new projects. Utilized a keen understanding of business needs to suggest and implement tailored web solutions, contributing significantly to business growth and scalability.
- Process Optimization: Proactively identified opportunities for workflow enhancement. Presented well-researched workflow recommendations to stakeholders, emphasizing strategic changes aimed at bolstering productivity. These initiatives not only streamlined operations but also fostered a culture of continuous improvement within the organization.

Web Developer | Mar 2023 - Oct 2023 | University of British Columbia | Vancouver, BC

- Strategic Portal Development: Spearheaded the design and construction of the primary website for the Immunology & Microbiology Department, showcasing a deep understanding of departmental needs and objectives.
- Timely Project Execution: Demonstrated exceptional project management skills by delivering the website within the stipulated timeframe. Despite potential challenges, maintained focus on quality and efficiency, ensuring that milestones were achieved as per expectations.
- Enhanced Aesthetic Value: Elevated the visual and functional appeal of the website by proactively suggesting and implementing additional enhancements. By incorporating these improvements, enhanced user experience and further aligned the website with contemporary design standards and departmental branding.

Web Developer | Jun 2021 - Feb 2022 | Freelance | Kyiv, Ukraine

- Commercial Web Project: Successfully developed and delivered a series of profitable commercial web projects, demonstrating a keen understanding of market trends and client requirements.
- Diverse Project Portfolio: Designed and executed a multitude of projects using various tech stacks, showcasing versatility and adaptability in addressing different client needs and industry demands. Additionally, crafted numerous landing pages that effectively captured target audience attention and drove desired actions.
- Continuous Learning & Expertise: Proactively pursued expertise across a broad spectrum of fields within web development. Consistently engaged in self-directed learning initiatives through platforms like freecodecamp, frontendmentor, and codewars. This dedication to continuous improvement not only honed technical skills but also ensured staying abreast of emerging trends and best practices in the industry.

Fleet Engineer | Feb 2020 - Jun 2021 | CloudMade | Kyiv, Ukraine

- Technical Proficiency & Troubleshooting: Demonstrated expertise in managing Android and Unix-based devices by effectively conducting testing, setup, customization, and troubleshooting. This comprehensive approach ensured optimal device functionality and user experience, resolving potential challenges proactively.
- Strategic Market Research: Conducted thorough market analysis to identify opportunities for hardware upgrades, ensuring the continuity and enhanced performance of ongoing projects. By proposing relevant hardware enhancements, contributed to maintaining project relevance and competitiveness in the marketplace.
- Adaptive Remote Management: Navigated challenges posed by the COVID-19 pandemic by swiftly implementing remote fleet management solutions across six countries. This strategic initiative ensured seamless operations, maintained productivity levels, and upheld service quality standards despite unprecedented global disruptions.

Consular Analyst | Apr 2015 - Aug 2019 | The U.S. Embassy | Kyiv, Ukraine

- Effective Fraud Interviews: Conducted thorough and equitable fraud interviews, leveraging a structured approach to yield actionable insights and outcomes that supported organizational integrity and security.
- Database Management: Established and meticulously maintained the Fraud Prevention Unit databases, ensuring data accuracy, accessibility, and security. This organizational framework facilitated streamlined operations and enhanced fraud detection capabilities.
- Data Coordination & Validation: Orchestrated the systematic gathering of information for in-depth analysis and validation studies. This collaborative effort ensured data integrity and provided a solid foundation for evidence-based decision-making processes.
- Government Documentation Verification: Demonstrated meticulous attention to detail by verifying thousands of documents requested by government agencies. This rigorous verification process upheld compliance standards and fortified organizational credibility.
- Exemplary Customer Service: Cultivated a reputation for delivering exceptional customer service by consistently prioritizing stakeholder needs, fostering trust, and building enduring relationships. This commitment to excellence enhanced organizational reputation and stakeholder satisfaction levels.
