

As a versatile software engineer with extensive experience in front-end technologies, I thrive in environments that demand agility and collaboration. My expertise in JavaScript, modern UI frameworks, and end-to-end web development aligns seamlessly with CIBC's mission to deliver innovative digital solutions. My strategic thinking, adaptability, and passion for creating impactful user experiences position me as an ideal candidate to contribute to CIBC's Digital Web Development team.

Strategic thinking, problem-solving, communication, time management, leadership, project management, collaboration, adaptability, continuous learning, trust, teamwork, accountability

EXPERIENCE

Front End Developer

Feb 2022 - Aug 2024

Convidera GmbH

Cologne, Germany

- Collaborative Development: Led cross-functional teams to deliver profitable web solutions by working closely with developers, designers, and product managers to align project outcomes with business objectives.
- Agile Contribution: Quickly integrated into fast-paced Agile environments, effectively adapting to new project demands and consistently proposing and implementing impactful web solutions.
- Streamlined Processes: Optimized development workflows and introduced best practices that significantly enhanced operational efficiency and promoted continuous improvement.

Web Developer

Mar 2023 - Oct 2023

University of British Columbia

Vancouver, BC

- Strategic Leadership: Spearheaded the conceptualization and implementation of the department's main website, ensuring alignment with both immediate goals and long-term strategic objectives.
- Project Management: Led end-to-end project management efforts, delivering high-quality web projects on time and within scope, even in the face of challenges.
- Enhanced Appeal: Significantly improved both the visual aesthetics and functional elements of the website, prioritizing user experience (UX) and modern design principles.

Web Developer Intern

Jun 2021 - Feb 2022

CloudMade

Kyiv, Ukraine

- *Commercial Web Ventures*: Developed and delivered multiple commercial web projects, closely aligning each solution with current market trends and evolving client needs.
- *Diverse Tech Portfolio*: Executed projects using a wide array of tech stacks, demonstrating both versatility and adaptability.
- *Continuous Learning*: Committed to continuous improvement, I pursued expertise across all fields of web development through self-directed learning.

Support Engineer

Feb 2020 – Jun 2021

CloudMade

Kyiv, Ukraine

- *Technical Proficiency:* Managed a diverse range of Android and Unix devices, handling everything from setup and configuration to rigorous testing and troubleshooting.
- *Market Research:* Conducted in-depth market research to identify potential hardware upgrades that would enhance project performance and keep our technology competitive.
- *Remote Management:* During the COVID-19 pandemic, successfully implemented and managed remote fleet operations across six countries.

Analyst

Apr 2015 – Aug 2019

Embassy of the United States of America

Kyiv, Ukraine

- *Effective Fraud Interviews:* Conducted structured and equitable fraud interviews, generating actionable insights that reinforced organizational security.
- *Database Management:* Built and maintained the Fraud Prevention Unit databases, ensuring data accuracy, security, and streamlined operations for improved fraud detection.
- *Data Coordination & Validation:* Coordinated systematic data gathering and validation, ensuring integrity and a foundation for evidence-based decisions.
- *Government Documentation Verification:* Verified thousands of government-requested documents, upholding compliance standards and enhancing organizational credibility.
- *Exemplary Customer Service:* Delivered exceptional customer service by prioritizing stakeholder needs, building trust, and strengthening relationships, boosting reputation and satisfaction.

Consular Assistant

Apr 2015 – Aug 2019

Consulate General of Poland

Donetsk, Kharkiv, Ukraine

- *Data Coordination:* Gathered & validated information, supporting evidence-based decision-making.
- *Document Verification:* Verified government documents, ensuring compliance and credibility.
- *Customer Service:* Delivered exceptional customer service, building trust and enhancing reputation.

Operations Supervisor

Feb 2013 – Aug 2013

VFS Global

Dnipropetrovsk, Ukraine

- *Team Management:* Supervised, hired, trained staff, optimized daily workflows, and maintained compliance with SOPs and quality standards.
- *Client and Stakeholder Relations:* Acted as the main contact for clients and consulates, addressing and resolving operational issues to ensure client satisfaction.
- *Performance Analysis:* Tracked KPIs, provided insights for process improvements and cost efficiency.
- *Customer Service:* Managed escalations, ensured timely, effective responses to customer concerns.
- *Project Coordination:* Led initiatives for process improvements and new implementations to enhance service delivery.

Manager

Feb 2012 – Feb 2013

VFS Global

Donetsk, Ukraine

- *Operations Management:* Oversaw daily workflows, ensuring efficiency, SOP compliance, and high service quality.

EDUCATION

Front End Development, Beetroot Academy, Certificate

Computer Science, Harvard University, Certificate

Linguistics, National University, Bachelor of Arts
